CLEARINGHOUSE RULE 10-067

Comments

[NOTE: All citations to "Manual" in the comments below are to the Administrative Rules Procedures Manual, prepared by the Legislative Reference Bureau and the Legislative Council Staff, dated September 2008.]

4. Adequacy of References to Related Statutes, Rules and Forms

It would be useful to provide either the statutory or public law citations to the federal laws referenced in the plain language analysis: The Genetic Information Nondiscrimination Act of 2008 and The Children's Health Insurance Program Reauthorization Act of 2009.

5. Clarity, Grammar, Punctuation and Use of Plain Language

- a. In the plain language analysis, second paragraph, insert the word "changes" after the word "several." The words "modification" and "reference" in the last sentence of the second paragraph should be plural. Finally, in that paragraph, should it be clarified that adult sons and daughters under the age of 27 that may be included under insurance coverage are not required to be dependents?
- b. In SEC. IV of the Form revised in Appendix 1, the word "underwriting" should not be capitalized. Also, in the preceding sentence of the Appendix, the current phrase "from which" is confusing; it appears that the phrase should be replaced by the word "that."
